

"A GAME CHANGER!"

★★★★★

"I've been using ***Gastro Aid Paste*** on my 5* horse Corvett, affectionately known as Barry, for over a year before all my major competitions. Barry is a very picky eater, especially as he gets more fit when preparing for a big event.

I felt like I had tried everything – until my Cavalor rep Eone recommended Gastro Aid Paste. I was skeptical at first, but within days ***Barry was finishing his meals again***. He even ate at the show, which seldom happens. Gastro Aid Paste has been a game changer for keeping Barry in top condition at the top of the sport."
